

2012 TERYX4™ 750 4X4

Kawasaki
Let the good times roll.™

Sunbeam Red

Scout Green

Specifications

Engine	Liquid-cooled, 90-degree, four-stroke V-twin
Valve System	SOHC, four valves per cylinder
Displacement	749cc
Starting System	Electric
Bore X Stroke	85 x 66mm
Compression Ratio	9.3:1
Fuel System	DFI®, 2 x Mikuni 36mm throttle bodies
Ignition	TCBI w/ electronic advance
Transmission	Continuously variable belt-drive transmission with high and low range, plus reverse and wet centrifugal clutch
Final Drive	Selectable four-wheel drive with locking Front Differential, shaft
Frame	Double-X reinforced design using large-diameter, thin-walled, high-tensile tubular steel
Front Suspension / Wheel Travel	Dual A-arm with preload adjustable gas charged shocks / 7.8 in.
Rear Suspension / Wheel Travel	Adjustable Independent Rear Suspension (IRS) with fully adjustable, gas charged, reservoir shocks / 8.3 in.
Front Tires	Maxxis 26x9-12
Rear Tires	Maxxis 26x11-12

Key Features

- All-new model for 2012
- Room for four means twice the personal payload and twice the fun. And with the rear seats mounted higher than those in front, rear-seat passengers have a better view forward – and have an easier time getting in and out
- Perfectly balanced 749cc V-twin engine with digital fuel injection offers more power, especially in the low and mid range, exactly where a four-seat RUV needs it
- All-new Double-X frame design offers rigidity and durability for the Teryx4's extra weight and higher carrying capacity
- All-new bodywork package offers good looks and extreme durability for the long haul, with scratch-resistant material used throughout
- Sport-focused suspension front and rear offers an ideal compromise between sporty control and superb ride comfort
- Roomy interior lets driver and passengers stretch out, while ample cargo space means you can take along plenty of supplies and gear
- Short wheelbase versus the competition allows a short 16.7-foot turning radius (handy in tight situations) and the ability to climb over obstacles that would ground longer and lower vehicles
- Superb off-road ability, including high-grade Maxxis Bighorn 26-inch tires on 12-inch rims, 10.8 inches of ground clearance, a 17-degree break-over angle, and 23.6-inch water fording depth
- Continuously variable transmission (CVT) and category-first centrifugal clutch offer sporty performance and the slow-speed throttle precision needed in tricky or slow-speed conditions
- Electronic three-mode 4WD is controlled by a handy cockpit switch and allows instantaneous changes from 2WD to 4WD and 4WD with differential

Front Brakes	Dual hydraulic discs with 2-piston calipers
Rear Brake	Sealed, oil-bathed, multi-disc
Overall Length	125.2 in.
Overall Width	62.0 in.
Overall Height	77.3 in.
Wheelbase	86.1 in.
Ground Clearance	10.8 in.
Lighting	(2) 35W headlights, (2) 8 W taillight, 24 W stoplight
Cargo Bed Capacity	249 lbs., 47.6 W x 17.9 L x 8.7 in. H
Towing Capacity	1,300 lbs.
Curb Weight	1,616 lbs.
Fuel Capacity	7.9 gal.
Instruments	Multi-function digital meter with speedometer, fuel gauge, clock hour meter, odometer, dual trip meter and parking brake, CVT belt, R/N/P/4WD, water temp and oil pressure indicators
Color	Sunbeam Red, Scout Green
Warranty	6 Months
